Subject: Disaster Relief

Dear Centennial Presidents,

As I look over our finances, the district has the following commitments for this spring: \$5000 for the Feb. 23rd 100th birthday party in Greensboro to reduce participant's cost from \$20 to \$15; \$31,000 in April to subsidize district conference, reducing registration from \$240 to \$165 per attendee, and \$10,000 in June to the Polio Plus Caravan that will be rolling through here on it's way to Chicago.

I would suspect that RI will be allowing us to use district designated funds for disaster relief, so I think our district will be able to contribute \$20,000 to match your club contributions. Whatever your club decides to do as far as fundraising for this disaster, send a check made out to District 7690 and mark it for disaster relief. The district will match it and send it on to the proper authorities.

Donald H. Allred
