

## **Announcing the 2010 Rotary 7690 House of Friendship at District Conference**

For the fourth year, District 7690's District Conference at the Grove Park Inn in Asheville will feature a **House of Friendship**, a place where Rotarians, Rotary Clubs, Rotary opportunities and Rotary projects can be displayed and promoted. Do you have a project or program you'd like to promote, or a successful effort you'd like to highlight?

### **THE ASSISTANT GOVERNOR'S CHALLENGE**

Governor Mike challenges each of our 10 Areas to participate with a project, program or an opportunity that shows how YOUR HANDS have strengthened Rotary through your club project or program. Don't limit it to just one project. If your area has several projects to highlight, go ahead and submit them.

### **THE CLUB PRESIDENT'S CHALLENGE**

What club projects really excite you? Do you have the best projects in your area? If you are pleased with your projects now is the time to **TOOT YOUR HORN!**

The District Conference team needs to know what requirements you may have for tables or space:

- Will you need a full 6-foot table... can you share a table?
- Electrical Requirements (will you be using a laptop, etc.)
- Lighting requirements (if you are bring a digital projector and a small screen you will probably need subdued lighting.)

We do not yet know whether we will be able to lock up displays and equipment when the House of Friendship is closed. Please be aware that the committee cannot assume responsibility for displays and equipment used to support the displays.

The House of Friendship is the magic carpet of opportunity in any Rotary conference or convention. Come be a part of ours.

**YOU CAN RESERVE YOUR SPACE TODAY BY SENDING EMAIL TO: [kmorris@triad.rr.com](mailto:kmorris@triad.rr.com).**

Thank you,  
 Phil & Karen Morris , 336-887-7435
